I. Estimated Price

Service	Unit cost	Quantity	Subtotal
Custom kit procurement	€3,895.00	1	€3,895.00
Ultra-low input RNA-seq bundle, 10M reads per sample, value package	€300.00	6	€1,800.00
Standard RNA-Seq analysis, value package	€25.00	6	€150.00
Data delivery, sFTP	-	-	€0.00
Estimated Price excl. VAT for Project			€5,845.00
Estimated Price excl. VAT per Sample			€974.17
VAT			€0.00
Estimated Price incl. VAT for Project			€5,845.00
Estimated Price incl. VAT per Sample			€974.17

We highly recommend cloud data delivery for fast and free results. Please contact us if you would like to use your cloud service.

II. Service Description and Turnaround time

Service Type	Ultra-low input RNA-seq
Species	<i>Mus musculus</i>
Sample Type	Sorted cells (6 cells)
Sample Number	6 sample(s)
Sequencing Configuration	Illumina, 2x150bp
Estimated Data Output	~10 million paired-end reads per sample

CONFIDENTIAL

Phi-X Spike-in	n/a
Quality Guranteee	≥85% bases ≥Q30
Deliverables	Quality report, FASTQ files, data QC, trimming, mapping, differential gene expression, alternative splicing, and gene ontology analysis.
Level of Service	Research Use Only
Special Comments	- Custom Kit Procurement: - SMARTer Stranded Total RNA-Seq Kit v2 - Pico Input Mammalian, 48 rxn (Cat. ID: 634412) - GENEWIZ will store custom reagents for up to 1 year.
Value Package Includes:	
Estimated Turnaround Time	Total 33-38 business days
Additional Benefits	Updates at completed project milestones (Extraction, Library Preparation, Sequencing, and Data Analysis, if applicable)

To update your service level package, please visit your online account and request a quote revision.*	
Preferred Package	Total 32-37 business days (guaranteed)
Express Package	Total 23-28 business days (guaranteed)
Need faster than Express Package?	Please contact us!
Need faster than Lightning Package?	Please contact us!

*If you have any questions, please contact us at NGS.Europe@azenta.com. More ways to contact us can be found [here](#).

III. How to Start Your Order

- Provide valid Purchase Order(made out to GENEWIZ Germany GmbH) or charging instructions (checkout through your online GENEWIZ account, email NGS.Europe@azenta.com, or call +49 341 520 122 – 41).
- Provide online sample submission form in your GENEWIZ account;
- 6 sorted cells in solution meeting requirements below.

IV. Sample Requirements

Sample Type	Remarks	Quantity
Cells in solution, on dry ice	Recommended	≥1000 cells
	Required	≥500 cells

Please see [our website](#) for other starting material types.

CONFIDENTIAL

V. Notes

1. Aim: Ultra-low input RNA-seq of 6 sorted cells in solution from *Mus musculus*.
2. Single cell (low-input) libraries are prepared to the best of GENEWIZ's ability and the Client will be charged for work performed regardless of outcome.
3. Sequencing recommendations provided by GENEWIZ are based on the client's project goals, typical machine outputs and multiplexing variability. GENEWIZ does not guarantee average coverage or on-target specificity for each sample.
4. All kits, reagents, analysis pipelines, etc. are routinely updated to remain best-in-class. Please proactively contact GENEWIZ if you'd like historical versions, which may be available on a case-by-case basis.
5. Multiplexing is performed to the best of GENEWIZ's ability to ensure relatively even data distribution amongst samples, but even data distribution is not guaranteed.
6. Extractions are performed to the best of GENEWIZ's ability and the Client will be charged for work performed regardless of outcome. For extractions, the produced material is related to the services indicated in this quotation. If not specified prior to confirming this quote, GENEWIZ assumes this extracted material is only for the services listed in this quote and cannot guarantee its use for future downstream applications.
7. Data analysis is performed to the best of GENEWIZ's ability and the Client will be charged for work performed regardless of outcome. For differential gene expression analyses, additional charges may apply for multiple comparative analyses and will be communicated to the Client prior to work being performed.
8. GENEWIZ offers sample storage for up to 1 year following project completion. Please contact us for further storage options.
9. GENEWIZ offers free raw FASTQ data storage for up to 6 months. GENEWIZ reserves the right to remove said data after 6 months without any notice. Please contact us for further storage options.
10. For projects that are quoted on the Illumina platforms, GENEWIZ reserves the right to choose between equivalent platforms (e.g. Illumina MiSeq, HiSeq or NovaSeq). GENEWIZ will keep the platforms consistent between projects at their best effort, but does not guarantee unless clarified prior to project initiation.
11. Estimated turnaround time is based on first-pass processing. If repeat processing is needed, estimated turnaround time is subject to increase.
12. If any issues with the project or samples warrant further alignment with the Client after project initiation, the resulted cumulative time during communication shall not be counted towards the originally estimated turnaround time. GENEWIZ reserves the right to reassess the turnaround time based on the communications and modifications (if applicable) of project scope. For example, additional processing time may be added to the turnaround if samples require re-accessioning due to discrepancies on arrival (including, but not limited to sample labeling, sample number, etc)
13. For projects with extraction, GENEWIZ reserves the right to combine multiple vials per sample, at our discretion, to proceed with downstream extraction.

CONFIDENTIAL

VI. General Terms and Conditions

This quotation is exclusive of any applicable taxes, customs duties and freight. A signed purchase order stating, "Reference Quotation #_____ in its entirety" is required as a condition to purchase order acceptance. Any purchase order issued in response to this quotation is governed solely by the attached terms and conditions or, where applicable, a contract signed by GENEWIZ and the customer. No other terms are accepted by GENEWIZ.

*This quotation may be revoked at any time until GENEWIZ has provided a sales order acknowledgement.

Terms and Conditions can be found at <https://www.genewiz.com/en-GB/Public/Legal/Terms-and-Conditions>
